*Charge Complete,
red colour light off.

Power On	Working	Blue
	Working & Charging	Blue & Red
Power Off	Charging	Red

E5 is powered by a rechargeable battery.

An USB cable is used to connect E5 to your computer to charge, or to the USB power adapter to charge. If the battery is completely discharged, it may take a while before the charging light on. The battery can be charged and discharged hundreds of times, but it will eventually wear out and can not be replaced. During charge, red light on denotes charging, while red light OFF denotes fully charged.

use the USB CABLE to connect E5 to your computer to charge

Use The audio cable

Audio player
