Reviews

"if you're looking for a pro Gaming mouse pad that is highly durable,

accurate and offers precise, smooth and controlled glide surface then this is the one for you. It truly deserves our highest award" www.xtremecomputing.co.uk

"Qpad, my mouse and I thank you. I never realized the importance of a great gaming surface until I used this. Everything I do on my computer is more enjoyable simply because of the feel of the mouse.

The surface is wonderful. I completely and highly recommend this to any gamer out there looking for a low sensitivity mouse pad. I would definitely give this the coveted Hardware-Review Stamp of Excellence." www.hardware-review.net
