

# E10M

## New Metal In-Ear Headset

- 2011 NEW product

Unique entire metal mechanical design  
Well balanced sound with powerful bass  
Comfort design and distinctive look  
Robust construction  
iPod/iPhone compatible & MP3 ready

The version, with a microphone was designed specifically for iPhone music playback, free control adjusting the volume and answer calls; Button according to different color is tie-in headset corresponding colors, dazzle beautiful and fashionable; Let you enjoy music at the same time, in any will not miss an important call.

# E10M

### Specifications

Transducers : Dynamics,10mm,Neodymium

Frequency range : 15Hz~22KHz

DC resistance : 16±10%Ohms

Sensitivity : 100±2dB at 1KHz/mW

Microphone frequency range : 20Hz~16KHz

Microphone sensitivity : -58dB ±2dB/mW

Maximum input power : 20mW

Cable length : 1.2m

Connector : Stereo 3.5mm,I style plug gold-plated

Weight : 11g

Packaging : 70×165×35mm

Color : gun, gold, red, purple

Accessories : S,M,L Silicone eartips, Double flange silicone eartips, Cable clip, Travel pouch, Switching cable

# E30M

## Sport Headset

### Specifications

Transducers : Dynamics,9mm,Neodymium  
Frequency range : 15Hz~22KHz  
DC resistance :  $12\pm 10\%$  Ohms  
Sensitivity :  $94\pm 2$  dB at 1KHz/mW  
Microphone frequency range : 20Hz~16KHz  
Microphone sensitivity :  $-58$  dB  $\pm 2$  dB/mW  
Maximum input power : 20mW  
Cable length : 1.2m  
Connector : Stereo 3.5mm,I style plug gold-plated  
Weight : 10g  
Packaging : 70×165×35mm  
Color : black, white, pink, blue  
Accessories : S,M,L Silicone eartips,  
Double flange silicone eartips,  
Cable clip, Travel pouch, Switching cable

Balanced sound , powerful bass  
Comfort , ergonomic in-ear design  
Professional over ear cabling for best fit  
Good noise isolation  
iPod/iPhone compatible & MP3 ready

## EH11M

## Sport Headset

Clip-on design for secure fit  
Robust metal construction for everyday use  
For sports and active lifestyles  
iPod/iPhone compatible & MP3 ready

### Specifications

Frequency range : 15Hz~22KHz  
DC resistance :  $16 \pm 10\%$  Ohms  
Sensitivity :  $107 \pm 2$  dB at 1KHz/mW  
Microphone frequency range : 20Hz~16KHz  
Microphone sensitivity :  $-58$  dB  $\pm 2$  dB/mW  
Cable length : 1.2m  
Connector : Stereo 3.5mm, Y style plug gold-plated  
Weight : 19g  
Packaging : 70×165×35mm  
Color : black-green, blue-white, orange-gray  
Accessories : S,M,L Silicone eartips,  
Double flange silicone eartips,  
Cable clip, Travel pouch,  
Switching cable

## A10 Portable Amplifier

### Specifications

Working voltage: 4.2 V  
Working current: 100 mA  
Continuous operating time >=10 hours  
Charging voltage : 5 V  
Charging current: 500mA  
Input impedance >=10K ohms  
Maximum input level : -6dBV (RMS)  
Output load impedance : 16-300 ohms  
Maximum output level: 1.6V (at 33ohms (RMS))  
Maximum Output Power: 70mW (33Ω)  
Frequency response : 0 ~ 1.5MHz  
Stereo Balance: <=1dB  
Stereo Isolation: >=100dB  
Signal to Noise Ratio >=106dB  
T.H.D <=0.01% (at 1KHz, 33Ohms, 1MW)  
maximum gain :8dB  
VL control range: -110 -- +8dB  
XB switch: +4dB (at 50Hz)  
Accessory : iPod connector x 1  
Audio cable x 1  
Carrying pouch x 1

Mini USB cable x 1  
Switching cable x 1

# A10

Increase volume of high impedance headphones.  
Reduce battery drain from your MP3 player.  
Clean, accurate sound amplification.  
Share your music without reduction in sound quality.

Our first thought during the design phase was to make this product as lightweight as possible....so this amplifier is almost full plastic in construction with rubberized outer finishes and a metal strip for accent. The housing is glued shut or clipped very tightly together so there isn't any screw on the outside. The golden painted artwork is a special rubber paint which is scratch resistant. All the switches and control buttons are so conveniently placed which makes for easy use when on the move. Another great feature is the XB switch..... a must have for all those people who love to listen from time to time to a bass boost function. This product is really designed for all those who want to be part of the fashion scene, it has all the in box accessories you will need if you are looking for a constant companion....look no further.

## Current status of SoundMAGIC Our achievement

SoundMAGIC products can be found in the following medias (including, not limited)

SoundMAGIC was registered worldwide

RoHs certificate

CE certificate

## Global coverage

Our products can be found in the following countries:

## Our future

- △ We will develop the high quality products continually.
- △ We will forge our core competitiveness continually.
- △ We will expand our sales network system & improve our management system progressively.
- △ We will build the good interaction & trust relationship with the consumers & our customers.
- △ We will insist on our brand positioning, forge SoundMAGIC to be a strong brand progressively.
