Keep the world listening

SoundMAGIC is an exciting brand focusing on design and production of high quality electronic-acoustic products, whilst experiencing profitable growth over the past 5 years in our chosen International market.

About SoundMAGIC

In September 2005, our founder, Tony Xu, started SoundMAGIC with a clear focus on developing and manufacturing high-quality, electronic-acoustic products. Within a few years, SoundMAGIC has grown from being unknown to a well established brand that is now fully accepted by consumers around the World. During these formative years we have worked hard to build stable distribution channels internationally. SoundMAGIC is now the focus of increasing recognition from consumers, retailers and the press due to superior quality and outstanding price performance of our products.

With overseas markets developing further, we incorporated a Hong Kong company - SoundMAGIC Technology Development., LTD - in March 2009 with the focus of extending these overseas markets. With the need to expand production capability further, in September 2012 we incorporated Dongguan Nianrui Electronic Technology Co., Ltd with the focus on researching, developing and manufacturing SoundMAGIC products. We feel that SoundMAGIC, up to now, has strived to develop the perfect process of brand operation, marketing and production-manufacturing. SoundMAGIC's competitiveness continues to emerge.

Brand Culture

Most important for SoundMAGIC is to build long term, trusting relationships with our customers - SoundMAGIC is more than a worldwide distributor of audio products. We work together to solve problems positively, we innovate and we stick to our commitments. Mutual trust is the brand culture of SoundMAGIC.

SoundMAGIC's Soul

Pursuing relentless innovation is at the heart and soul of SoundMAGIC. Constant market analysis and development results in products that carry the brand. The ongoing evolution of SoundMAGIC's products show an unusual level of care and attention to detail, which demonstrates clearly the soul of the brand. The products that are an expression of this soul are surely destined to be classics.

Our Mission

Our objective is to design the best possible audio products that provide groundbreaking price to performance that are highly competitive in the market. We always aim to deliver exceptional products to our customers and cooperative partners.

Ambition

Our ambition is to develop the SoundMAGIC brand into a name that is recognised around the World and is the first choice for our partners and consumers.

Brand Expansion

The companies founder, Tony Xu, is instrumental in the design of our products and is focused on planning for the future of the brand. Tony's dedication and discipline results in a coherent strategy as SoundMAGIC grows.

Reputation

Our reputation with our customers is our most valued commodity. The quality of our products and the honesty of our brand is core to our culture.

Long Term Strategy

SoundMAGIC is focused on our own brand constantly developing to keep our products fresh, exciting and unique. We refuse OEM partnerships. SoundMAGIC chooses to pass by temporary success to enable us to focus on the long term goal.

Prospective partners that have strong capability in their local market who propose the OEM route will find that Tony Xu will actively encourage them to become a SoundMAGIC distributor. This means that SoundMAGIC is able to pour all our energy and enthusiasm into product engineering and continuous development of new high quality products.

Partnership For Success

The success of SoundMAGIC's international business is the result of partnership and active promotion in local markets. SoundMAGIC concentrates on developing the best quality audio products and our worldwide partners are expected to focus on promotion of the SoundMAGIC brand in their territory. Our experience has taught us that commitment from both sides of the partnership are required for success.

Commitment and Responsibility

SoundMAGIC is committed to responsible distribution and traceability of our products. All our products are stamped with a unique serial number that acts as the identity card of our products. In this way we are able to actively manage the market, starting at process of manufacturing through to marketing, transport, sales and support. When consumers are in need of after sales service, we can rapidly identify and direct them to their local dealer for repair and warranty services by use of the serial number. Having a quick system in place helps us to build long term relationships with our consumers and dealers.

E10 In-Ear Headphone **NEW**

Patent number : 201130044413.7

How will the sound performance in such a magnificent appearance?

What HI-FI: The No.1 home entertainment magazine gave the appraise to E10. Obtained the five-star evaluation by its highest cost performance, it is the worthiest purchasing products. At the same time, win the first place in the 2011,2012 UK headphone safety purchasing guide.

- ◆ The perfect combination of fashionable design and manufacturing technology
- ◆ Hi-Fi sound,full frequency perfect sound

Accessory: S/M/L Silicone Eartips,Double Flange Silicone Eartips,Cable Clip,Travel Pouch
Colors: Black-Golden Black-Red Purple-Black Silver-Black

Specifications

Transducers :	Dynamics,10mm,Neodymium
Frequency range :	15Hz~22KHz
DC resistance :	16±10%Ohms
Sensitivity :	100±2dB at 1KHz/mW
Cable length :	1.2m
Connector :	3.5mm,I style plug gold-plated
Weight :	11g

E30 In-Ear HiFi- Headphone **NEW**

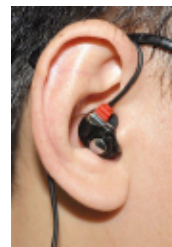

Patent number : 201130044415.6

- ◆ Balanced, accurate sound with deep bass extension
- ◆ Outstanding tone reproduction
- ◆ Comfortable, ergonomic in-ear design
- ◆ Detachable soft earhook for easy management cable back to ear
- ◆ High level of noise isolation

Specifications

Transducers : Dynamics,9mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 12±10%Ohms
 Sensitivity : 94±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,I style plug gold-plated
 Weight : 10g

ES10 In-Ear Headphone **NEW**

- ◆ Concise design, exquisite volume, comfort wearing
- ◆ Three sections' balance, rich details, precise position
- ◆ Good noise isolation

Specifications

Transducers : Dynamics,10mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 11g

ES18 In-Ear Headphone **NEW**

- ◆ Applied to MP3, CD, music phone etc
- ◆ Rich details, sweet voice, high frequency bright, HI-FI sound, accurate reduction
- ◆ good noise isolation

Specifications

Transducers : Dynamics,10mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 11g

ES20 In-Ear Headphone **NEW**

- ◆ Concise design, comfort wearing
- ◆ Powerful bass, rich details, sweet voice, high frequency bright, HI-FI sound ,accurate reduction
- ◆ Good noise isolation, about 20db enviromental noise reduction
- ◆ Applied to ipod, iphone and other MP3 players

Specifications

Transducers ; Dynamics,13.5mm,Neodymium
 Frequency range ; 15Hz~22KHz
 DC resistance ; 16±10%Ohms
 Sensitivity ; 107±2dB at 1KHz/mW
 Cable length ; 1.2m
 Connector ; 3.5mm,Lstyle plug gold-plated
 Weight ; 11g

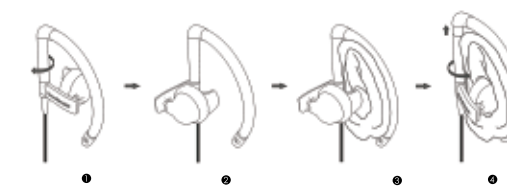

EH10 Clip on Half in-ear Sport Headphone

- ◆ Built for sports and active lifestyles
- ◆ Well balanced sound with excellent soundstage
- ◆ Clip-on design sits securely and comfortably on your ears
- ◆ Robust metal construction for everyday use

Specifications

Transducers ; Dynamics,13.5mm,Neodymium
 Frequency range ; 15Hz~22KHz
 DC resistance ; 16±10%Ohms
 Sensitivity ; 112±3dB at 1KHz/mW
 Cable length ; 1.2m
 Connector ; 3.5mm,I style plug gold-plated
 Weight ; 17.5g

- ① Rotate the slider to get more space,put earhook onto auricle.
- ② Rotate the earphone into ear.
- ③ Pull up or pull down the slider to get the right position.
- ④ Adjust the soft earhook to fit your auricle.

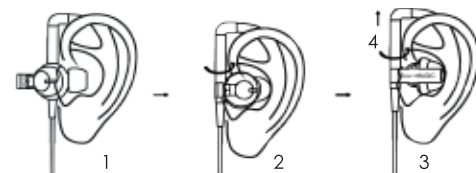

EH11 Clip on in-ear Sport Headphone NEW

- ◆ Built for sports and active lifestyles
- ◆ Powerful, bass enhanced sound with excellent musicality
- ◆ Clip-on design sits securely and comfortably on your ears
- ◆ Robust metal construction for everyday use

Specifications

Transducers : Dynamics,13.5mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 107±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 19g

- 1, Rotate the slider to get more space
- 2, Put earhook onto auricle
- 3, Rotate the earphone into ear
- 4, Pull up or down the slider to get the right position & adjust the soft earhook to fit your auricle.

EP10 Ear buds NEW

- ◆ Three sections' balance, reduction of real voice
- ◆ Applied to all kinds of portable MP3 players
- ◆ Human body engineering design, comfort wearing

Specifications

Transducers : Dynamics,15mm,Neodymium
 Frequency range : 25Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 115±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 8g

EP20 Ear buds NEW

- ◆ Outstanding natural sound
- ◆ Applied to all kinds of portable MP3 players
- ◆ Precise and fashionable design ,comfortable to wear

Specifications

Transducers : Dynamics,15mm,Neodymium
 Frequency range : 25Hz~20KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 115±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 12 g

EP30 Ear buds **NEW**

- ◆ Balanced accurate sound and well defined bass
- ◆ Applied to all kinds of portable MP3 players
- ◆ Precise and fashionable design ,comfortable to wear

Specifications

Transducers : Dynamics,15mm,Neodymium
 Frequency range : 25Hz~20KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 115±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 12 g

PL11 is one of SoundMAGIC'S masterpieces, widely spreaded and kept fashion all the time. Not only in Asia, Europe, but also in the Americas, the customers like PL11 very much. English digital products magazine Stuff gave the highest five-star appraise to PL11. Because of the high cost performance, PL11 is recommended as the worthiest purchasing products.

- ◆ Powerful, punchy bass response
- ◆ Robust metal construction
- ◆ Comfortable, simple in-ear fit
- ◆ Excellent value

Specifications

Transducers : Dynamics,9mm,Neodymium
 Frequency range : 20Hz~22KHz
 DC resistance : 12±10%Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 10g

PL11 In-Ear Headphone

PL12 In-Ear Headphone

- ◆ Concise design, comfort wearing
- ◆ Real reduction , rich details, sweet voice, high frequency bright, HI-FI sound, precise position
- ◆ Good noise isolation, about 20db enviromental noise reduction

Specifications

Transducers : Dynamics,10mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 11g

PL13 In-Ear Headphone

- ◆ Powerful bass, rich details, sweet voice, high frequency bright, HI-FI sound ,accurate reduction
- ◆ Comfort wearing
- ◆ Good design, good noise isolation, audition protection

Specifications

Transducers : Dynamics,10mm,Neodymium
 Frequency range : 20Hz~22KHz
 DC resistance : 16±10%Ohms
 Sensitivity : 98±3dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 11g

PL20 In-Ear Headphone

- ◆ All metal design, solid and durable
- ◆ Powerful bass, broad sound field pure sound, precise position
- ◆ Good noise isolation, about 20db enviromental noise reduction
- ◆ Applied to ipod, iphone and other MP3 players

Specifications

Transducers : Dynamics,9mm,Neodymium
 Frequency range : 20Hz~22KHz
 DC resistance : 12±10%Ohms
 Sensitivity : 96±3dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 10g

PL21 In-Ear Headphone

- ◆ Super comfortable in-ear fit
- ◆ Well balanced, accurate sound
- ◆ Robust metal construction
- ◆ Excellent noise isolation

Specifications

Transducers : Dynamics,9mm,Neodymium
 Frequency range : 15Hz~22KHz
 DC resistance : 12±10%Ohms
 Sensitivity : 97±2dB at 1KHz/mW
 Cable length : 1.2m
 Connector : 3.5mm,L style plug gold-plated
 Weight : 8g

PL30 In-Ear HIFI- Headphone

Patent number: ZL200730172828.8

- ◆ Balanced, accurate sound and well defined bass
- ◆ Comfortable, ergonomic in-ear design
- ◆ Detachable soft earhook for easy management cable back to ear
- ◆ High level of noise isolation

Stuff Magazine Expert Evaluation of SoundMAGIC PL30 Earphones

"Their performance rivals designs three times the price."

"With cables that fit behind and over the ear, the SoundMAGIC's PL30s are prtty comfy. Overall, the sound quality is fine, with clear detail."

"Despite the low price tag, the sound quality of these headphones will satisfy all but the most discerning of listeners. They are a bargain!"

"These earphones provide a good amount of bang for the buck even though they are ridiculously cheap. If you are going for a cheap set of earhpones for use on the move these are definitely the ones for you!"

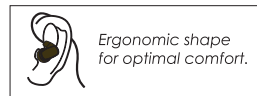

Specifications

Transducers : Dynamics,9mm,Neodymium
 Frequency range : 20Hz~22KHz

TR TrustedReviews

TrustedReviews Evaluates SoundMAGIC PL50-Phenomengal
 "There's enough bass to be getting on with and it's backed up by a well-balanced mid-rang and a lovely, clear top-end. Definition is very good across the range, and there's an almost holographic quality to the soundstage at times. In the words, I'm impressed."

P21 Portable Headphone **NEW**

- ◆ Unique portable mechanical design, easy to take
- ◆ High strength materials, strong and durable
- ◆ Senior leather ear set/ headset, comfort wearing
- ◆ The stylish, two-tone flat line. Anti-winding, easy to Storage.
- ◆ Hi-Fi sound, quality bass or clear bass

Connector : 3.5mm,L style plug gold-plated
Weight : 150g

HP100 Full Size Headphone **NEW**

Patent number:201130318449.x

- ◆ HI-FI sound reproduction
- ◆ Portable design
- ◆ Closed style ensure good noise isolation
- ◆ Large size of ear pad, suitable for longtime wearing
- ◆ All used senior materials, reveal top-grade temperament

Specifications

Transducers : Dynamics,53mm,Neodymium
 Frequency range : 10Hz~30KHz
 DC resistance : 32±10%Ohms
 Sensitivity : 95±3dB at 1KHz/mW
 Maximum input power : 100mW
 Cable length : 1.2m
 Connector : 3.5mm,I style plug gold-plated
 Weight : 288g

Product details

HP200 Full Size Headphone **NEW**

- ◆ Reduction of real voice, extraordinary quality reflect
- ◆ Folding design, facilitate for carry
- ◆ Large size of ear pad and open style
- ◆ All used senior materials, reveal top-grade temperament

Specifications

Transducers : Dynamics,53mm,Neodymium
 Frequency range : 15Hz~35KHz
 DC resistance : 20±10%Ohms
 Sensitivity : 98±3dB at 1KHz/mW
 Maximum input power : 100mW
 Cable length : 1.2m
 Connector : 3.5mm,I style plug gold-plated
 Weight : 320g

HP300 HI-END Headphone **NEW**

- ◆ Reduction of real voice
- ◆ Folding design, facilitate for carry
- ◆ Large size of ear pad, suitable for longtime wearing and excellent noise isolation
- ◆ All used senior leather, comfort wearing
- ◆ The front panel using the noble ebony design and metal collocation together, reveal top-grade temperament

Specifications

Transducers : Dynamics,53mm,Neodymium
 Frequency range : 10Hz~30KHz
 DC resistance : 64±10%Ohms
 Sensitivity : 100±3dB at 1KHz/mW
 Maximum input power : 200mW
 Cable length : 1.2m
 Connector : 3.5mm,l style plug gold-plated
 Weight : 300g

WP10 2.4G digital wireless headphone **NEW**

- ◆ Three sections' balance, strong low frequency, precise sound, reduction of real voice
- ◆ Applied all kinds of Mp3 players and TVs
- ◆ Wireless access distance can be up to 50m
- ◆ Voice adjust, switches are in the cover of earset, convenient operation
- ◆ If no power ,it can be used as normal headphoneby using a cable

Specifications

Transducers :	Dynamics,53mm, Neodymium	Transmitter Power:	18+- 1dBm
Frequency range :	10 Hz ~ 30 KHz	Receiver Sensitivity:	-78dBm
DC Resistance :	32 Ohms	Reception distance:	Low-power within 10 meters/ High-power within 70 meters
Sensitivity :	95 ± 3dB at 1KHz/mW	Input format:	USB & Analogue signal
Maximum input power :	100 mW	Signal Sampling Rate:	16 bit/48KHz
Continuously replay with high power:	16-18 hours	No RF signal mute function	
Cable :	Detachable cable length 1.2 m	RF VCC:	3.3V
Connector :	Stereo 3.5 mm, angled gold-plated	S/N :	96 dB
Weight :	316 g	THD:	-70dB
Working Frequency Range:	2406MHz - 2472MHz	Frequency response range:	20Hz - 20kHz
Working Channel Number:	34		
Modulation:	GFSK		

MP21

In-Ear headset

- ◆ Super comfortable in-ear fit
- ◆ Well balanced, accurate sound
- ◆ iPod/iPhone compatible & MP3 ready
- ◆ Perfect for Skype or other VoIP connections

Specifications

Transducers :	Dynamics,9mm,Neodymium
Frequency range :	15Hz ~ 22KHz
DC resistance :	12±10%Ohms
Sensitivity :	97±2dB at 1KHz/mW
Microphone frequency range :	20Hz~16KHz
Microphone sensitivity :	-45dB ±2dB/mW
Maximum input power :	20mW
Cable length :	1.2m
Connector :	3.5mm,L style plug gold-plated
Weight :	8g

E10M

In-Ear headset

NEW

- ◆ Unique metal in-ear headphone design
- ◆ Powerful bass, rich details, HI-FI sound
- ◆ Easy talk as normal headset through switch cable connect to computer
- ◆ Sparkling colors collocation

Specifications

Transducers :	Dynamics,10mm,Neodymium
Frequency range :	15Hz ~ 22KHz
DC resistance :	16±10%Ohms
Sensitivity :	100±2dB at 1KHz/mW
Microphone frequency range :	20Hz~16KHz
Microphone sensitivity :	-43dB ±2dB/mW
Maximum input power :	20mW
Cable length :	1.2m
Connector :	3.5mm,L style plug gold-plated
Weight :	12g

E10S In-Ear headset **NEW**

- ◆ Powerful bass, rich details, HI-FI sound
- ◆ Easy talk as normal headset through switch cable connect to computer
- ◆ Sparkling colours collocation
- ◆ SAMSUNG compatible 3 button remote control

Specifications

Transducers : Dynamics, 10mm, Neodymium
 Frequency range : 15Hz ~ 22KHz
 DC resistance : 16±10% Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Microphone frequency range : 20Hz~16KHz
 Microphone sensitivity : -43dB ±2dB/mW
 Maximum input power : 20mW
 Cable length : 1.2m
 Connector : 3.5mm, I style plug gold-plated
 Weight : 12g

EH11M Clip on in-ear Sport Headset **NEW**

Made for

- ◆ Broad sound stage, powerful bass, remarkable clarity
- ◆ Special acoustic tube design
- ◆ Soft earhook and in-ear design, comfort wearing and suitable for outdoor and sports
- ◆ Equipped with telephone button, suitable for iPhone
- ◆ Easy talk as normal headset through switch cable connect to computer
- ◆ Sparkling colours collocation

Specifications

Transducers : Dynamics, 13.5mm, Neodymium
 Frequency range : 15Hz ~ 22KHz
 DC resistance : 16±10% Ohms
 Sensitivity : 107±2dB at 1KHz/mW
 Microphone frequency range : 20Hz~16KHz
 Microphone sensitivity : -43dB ±2dB/mW
 Maximum input power : 20mW
 Cable length : 1.2m
 Connector : 3.5mm, I style plug gold-plated
 Weight : 19g

E10H In-Ear headset **NEW**

- ◆ Powerful bass, rich details, HI-FI sound
- ◆ Easy talk as normal headset through switch cable connect to computer
- ◆ Sparkling colours collocation
- ◆ HTC compatible 3 button remote control

Specifications

Transducers : Dynamics, 10mm, Neodymium
 Frequency range : 15Hz ~ 22KHz
 DC resistance : 16±10% Ohms
 Sensitivity : 100±2dB at 1KHz/mW
 Microphone frequency range : 20Hz~16KHz
 Microphone sensitivity : -43dB ±2dB/mW
 Maximum input power : 20mW
 Cable length : 1.2m
 Connector : 3.5mm, I style plug gold-plated
 Weight : 12g

BT20 Bluetooth **NEW**

Patent number:201130318461.0

- ◆ portable mechanical design, easy to take
- ◆ High strength materials, strong and durable
- ◆ Senior leather ear set/ headset, humanized design, comfort design
- ◆ Turn wiring in the accesories, can be used as cable headset
- ◆ Hi-Fi sound

Specifications:

Technology Standard:	BLUE TOOTH 4.0
Transducers:	Dynamics, 40mm , Neodymium
Wireless frequency:	2.4~2.4835GHZ
Transmission distance:	10m
DC resistance:	32Ω±3Ω
Sensitivity:	100±3 dB at 1KHz/mW
Transmission power:	Class 4
Working current:	45mA
Continuous playing music:	7~8h
Conversation time:	8~10h
Standby time:	350h
Freq. Response:	20Hz~20khz
Audio Output:	CD sound quality, 44.1,48KHz 16 bit stereo
Power management mode:	Park, Sniff, Hold, Sleep
Operation/storage:	-20°C to 60°C
DSP	
aptX	

Product color

Cable length: 1.2 m
 Weight : 150 g
 colors: black white

A10 Portable Amplifier

- ◆ portable design,human body engineering volume control design
- ◆ Overweight bass switch, Hi-Fi amplifier
- ◆ Reduce power consumption
- ◆ Two people share music together
- ◆ Rich accessories, applied to ipod, iphone, and other MP3 players

Specifications

Working voltage:	4.2 V	Maximum Output Power:	70mW (33Ω)
Working current:	100 mA	Frequency response :	0 ~ 1.5MHz
Continuous operating time :	>=10 hours	Stereo Balance:	<=1dB
Charging voltage :	5 V	Stereo Isolation:	>=100dB
Charging current:	500mA	Signal to Noise Ratio	>=106dB
Input impedance:	>=10K ohms	T.H.D	<=0.01% (at 1KHz, 33Ohms, 1MW)
Maximum input level :	-6dBV (RMS)	maximum gain :	8dB
Output load impedance :	16-300 ohms	VL control range:	-110 -- +8dB
Maximum output level:	1.6V (at 33ohms (RMS))	XB switch:	+4dB (at 50Hz)
